

## Treasure Hunt

This challenge introduces some of the basic symbols used in our mapping as well as the concept of contours and what they represent on a map.

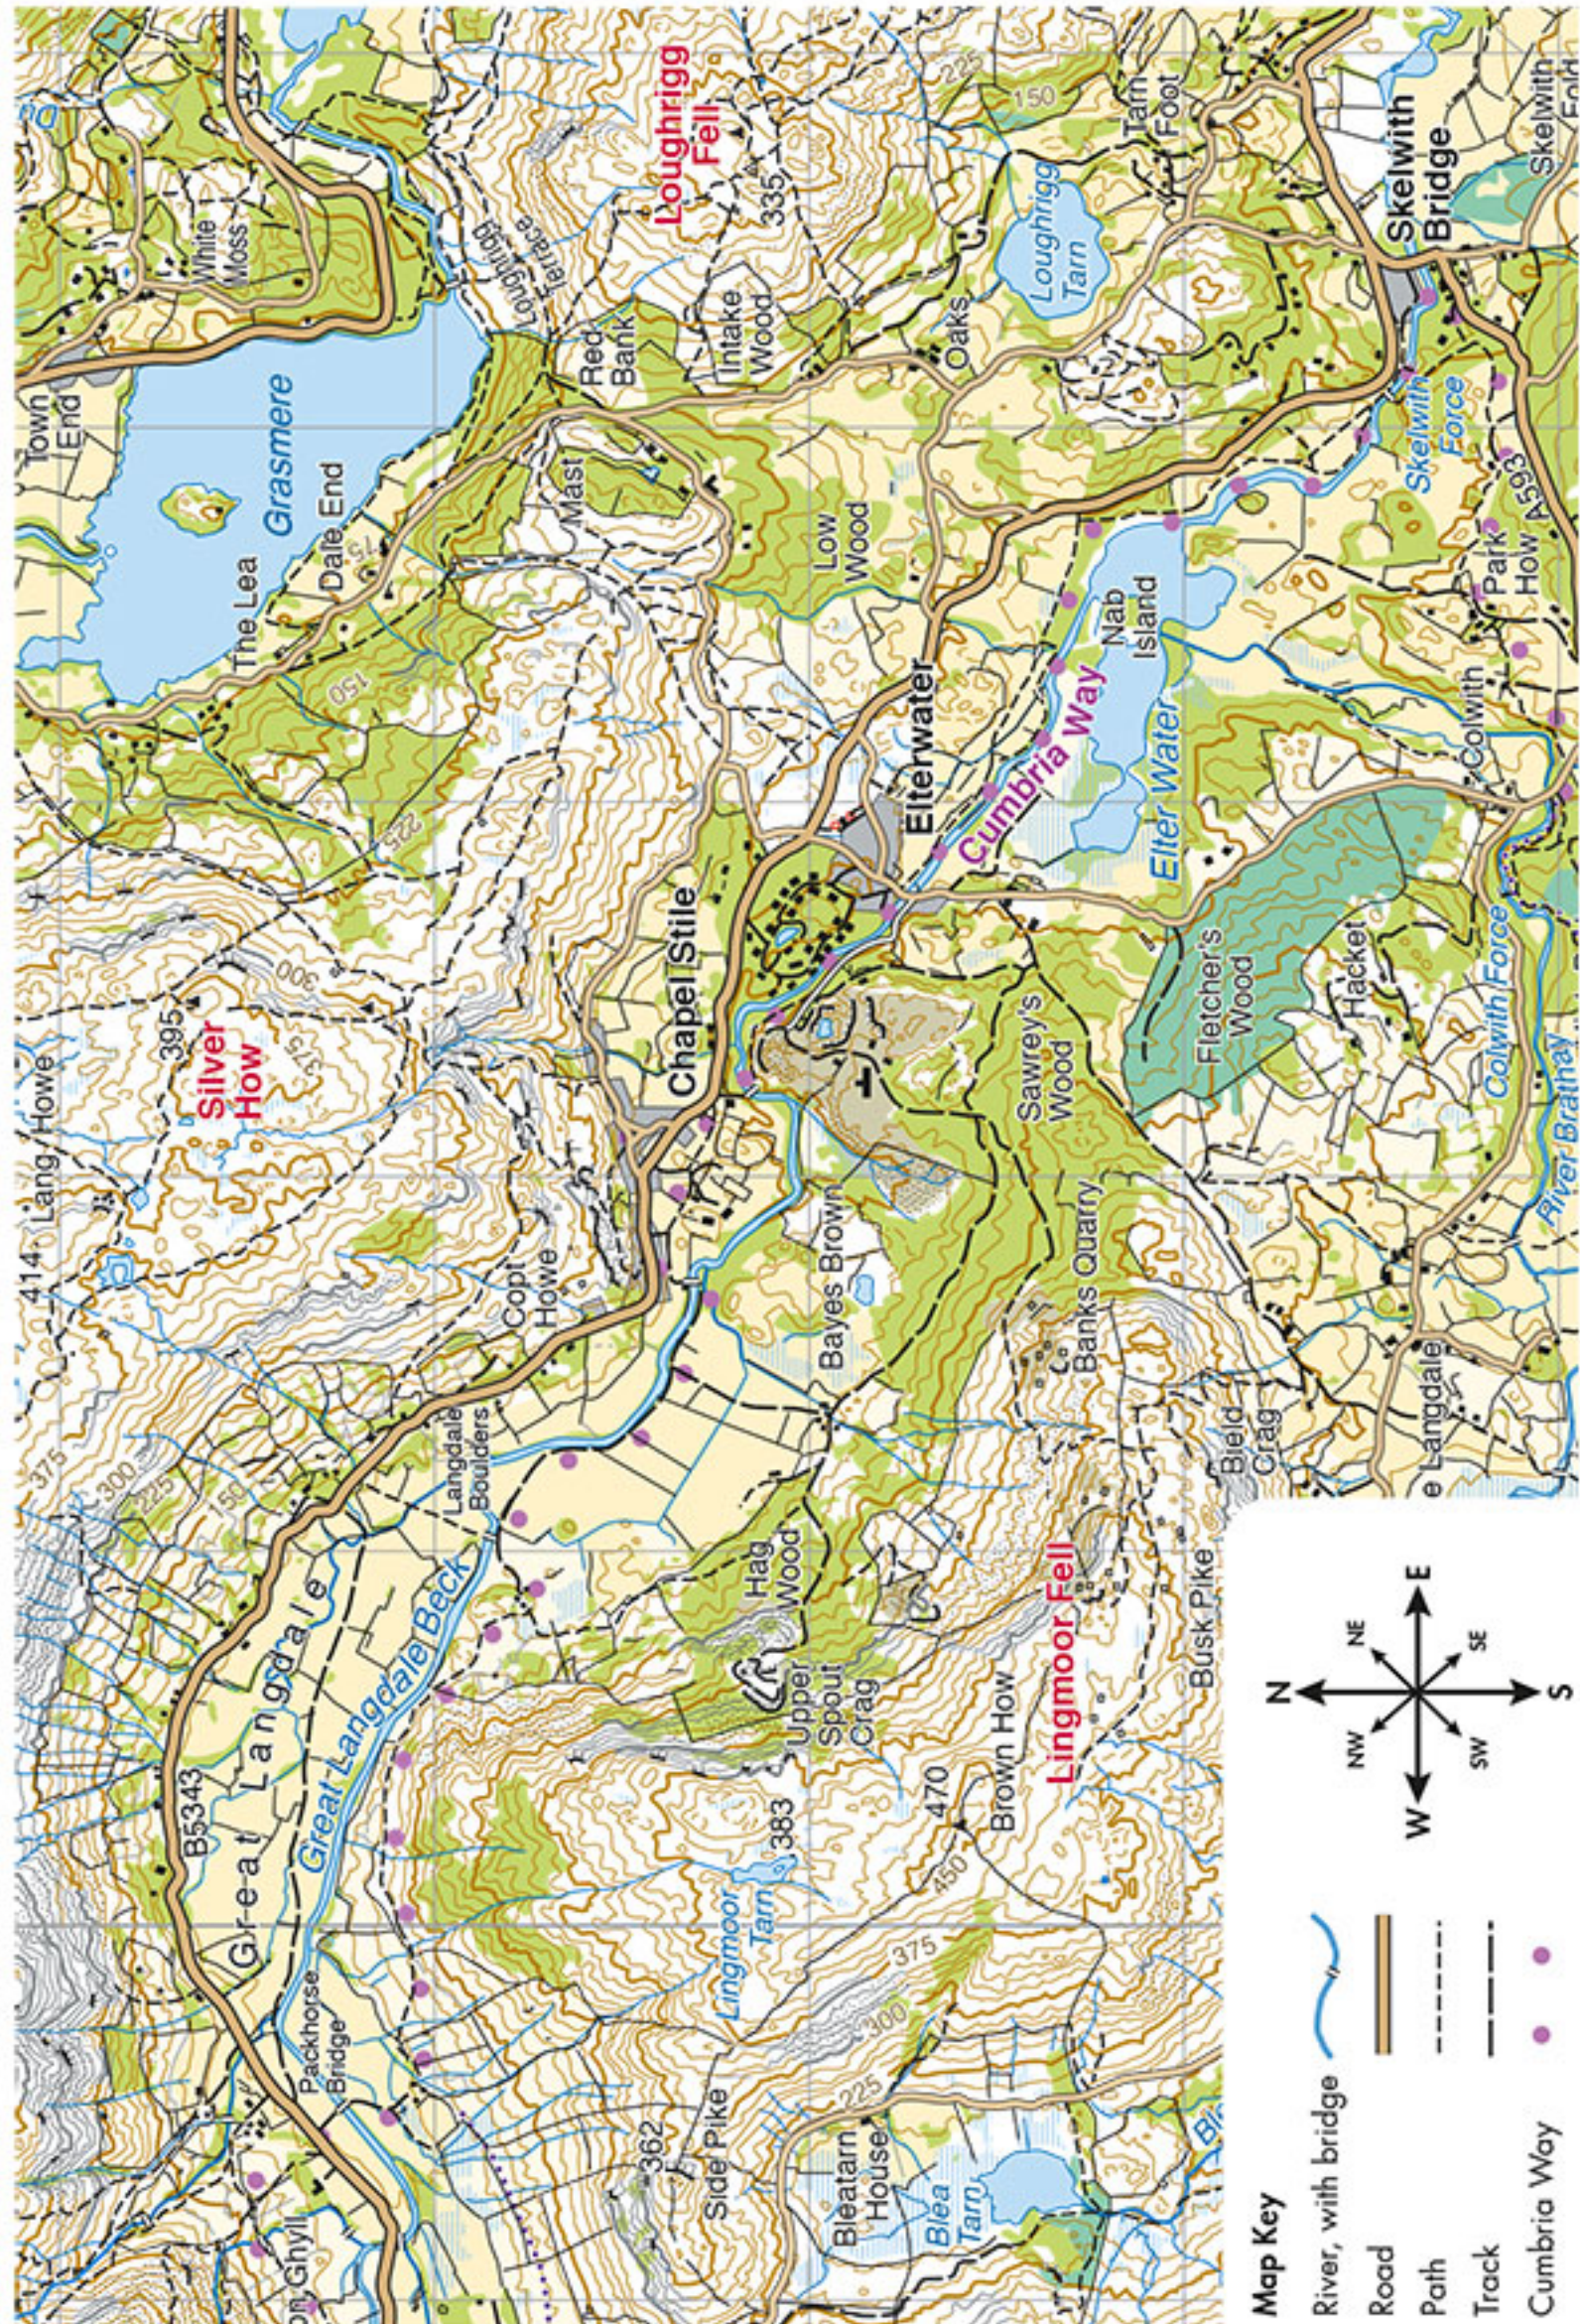

The aim of the challenge is to find the spot where the treasure is hidden.

All you need is the map and the set of directions. Imagine that you are on the ground and work through the directions reading the map as you go, until you reach the secret location!

Tip: You could print out the image and draw your route on the map, then check the answer sheet to see if you have travelled the correct route.

### Directions

1. Start at the island on Grasmere
2. Sail south until you meet the shoreline
3. Head north-west along the path until you meet the road
4. Follow the road uphill until the junction
5. At the junction, turn right
6. Go down the road and turn left at the next junction
7. When you reach the crossroads, carry on straight
8. Follow this road until it crosses the river
9. Follow the river upstream until the second bridge
10. On the south side of the river, follow the Cumbria Way until you cross the river again
11. Where is the treasure hidden? Mark the X on your map!

**Map Key**

- River, with bridge
- Road
- Path
- Track
- Cumbria Way
